## Black Teas

**Assam** - This esteemed amber brew is smooth, sweet, and sophisticated. Rich honey notes emerge, with malty undertones more subtle than a conventional, more astringent Assam. These larger leaves deliver a blissful cup that will transport you straight to India's Assam Valley.

**English Breakfast** - Four gorgeous, full leaf, black teas from three different countries, resulting in a deep, rich, well-balanced breakfast blend. Fit for the British Queen, but lighthearted enough for Austin Powers. And its black tea caffeine kick will help jump-start your morning mojo!

**Earl of Grey** - Our unique recipe takes Earl Grey tradition to the next level. Bergamot flavoring on full leaf black tea with balanced proportions of other citrus, vanilla, licorice root, and mallow flowers make a deeper liquor, captivating aroma and sweet & creamy flavor profile.

**Ginger Peach** - Our version of America's favorite flavored tea is an upscale twist on the conventional. It's handcrafted on a premium base of two full leaf black teas, giving the peach flavor the depth needed to provide the perfect balance to the real organic ginger root we blend in.

**Decaf** - A delicious whole leaf Ceylon Black Tea, decaffeinated by CO2 natural processing. This Decaf Breakfast provides a deep robust, yet gentle flavor with a dry and smooth finish that has a subtle hint of honey. Delicious as a traditional black tea, served either hot or iced, and often enjoyed with sweetener and milk.
